

## RGIS GUARDS BE DISMISSED.

Judge Clements Says All  
Evidence Proved Men  
Not Armed.

An Employment Agency Under  
Contract to Furnish 500 Men.

In a case against the guards of the West Kentucky Coal Company who were arrested on October 26 at Sturgis, charged with having violated Section 1876, crimes and misdemeanors, Kentucky Statutes, which forbids an armed person or body from coming into the State without consent of the Governor or the Legislature, under heavy penalty of a fine of not less than \$1,000 or more than \$5000 or not less than six months and not more than one year in jail, or either so fined and imprisoned at the discretion of the jury. Twenty men, who had been brought to Sturgis by a St. Louis detective and employment bureau, were so arrested and put under bond of \$1,500 each. The trial was begun before County Judge A. W. Clements, of Union county, Tuesday last week, and was concluded on Thursday, when the judge dismissed the cases against the guards upon the ground that the evidence did not sustain the charges.

Judge Clements' decision upon the points at issue are contained in the first and fifth sections of his decision, as follows:

"I find from the evidence that by plaintiff and defendant's 'agreement' from all that could be gathered through the whole case, that section 226 of the constitution of Kentucky, and section 1876 Kentucky statutes were not violated by these defendants, and that said defendants were not armed when they came to this State, and the City of Sturgis, Union county."

"Six. It is after careful consideration of this case I have arrived at this conclusion, carefully weighing each point of evidence as best I could, trying to judge impartially with no favorites as far as my duties are concerned; my individual sympathy being with the working class in Union county, having always been a working man myself, and ever ready to stand by them in their rightful efforts. As I have previously said, I have carefully reviewed this case and cannot hold these defendants over to await the action of the grand jury, so, gentlemen, you are dismissed."

"One union miner testified that he stood at a pump house opposite the hotel, which is 75 or 100 feet away, on the night of October 24, and saw two guards go into the hotel, one having two pistols in one hand and the other a pistol in each hand; that he saw them conceal these on their persons. He said that he was 'dressed in summer clothing and did not get wet because the night was clear and the stars shining.' Another union miner swore that on the same night, as he passed the hotel, he saw a large man adjust a belt and saw something flash which he thought was a pistol. He swore it was raining hard and had rained hard all afternoon and until late that night."

The manager of the detective and employment bureau, of St. Louis, testified that he had a contract with the West Kentucky Coal Co. to furnish men to do such work as they might require and that he was to furnish at least 500 such workmen. He stated that the twenty men on trial did not come armed to Sturgis, but had acted, many of them, as night watchmen and were furnished with guns by the coal company at the places where they were on

duty.

In an interview with the Sturgis News-Democrat, Mr. Jas. T. Gardiner, of New York, who is president of the West Kentucky Coal Co., stated last week that he would abide by the previously published plan of operating his company's coal plants independently of union labor. He says that union labor is unreliable and not able to compete with independent labor that demands the right to earn all that its skill and industry entitle it to. He says the various mining industries will boom Sturgis and all Union county, if the company be not hampered in its rights under the law. He takes the situation coolly and does not seem at all disturbed over the present agitation.

Smith-Borders.

The marriage of Mr. Jas. Smith and Miss Daisy Bell Borders was solemnized at Springfield, Tenn., on the evening of Nov. 2, 1905.

The above marriage was a surprise to many of the friends of the contracting parties, as few persons knew of it till they were aboard the train for Springfield. Mrs. Smith is the youngest daughter of Mr. Wm. Borders, of Hecla. She is a very lovely girl and deservedly popular. The groom is a most highly respected young man. Their many friends wish them a long happy and prosperous life.

Society Man Under Arrest in Owensboro.

Owensboro, Ky., Nov. 6.—A sensation was created here by the arrest of Henry Morton, one of the best known young men of Owensboro. He was placed under arrest by Deputy United States Marshal Nichols on the charge of removing valuables from letters in the local postoffice. Morton is night mailing clerk at the postoffice, where he has been employed for several years. He was held over to the November term of the Federal grand jury in the sum of \$1,000. He executed bond and was released.

Morton is about twenty-seven years of age and has been prominent in Owensboro socially for many years. He has a host of friends.

## WOMEN OF FASHION

Dance Merely With Chicago's Humble Workmen.

Women who lead Chicago society danced with men who toil with their hands for a living at Hull House last evening, and if smiling faces tell of joy the experience was a pleasant one for all, says the Chicago Chronicle.

The members of the Woman's Trade Union League gave the ball, and all social barriers were uprooted and thrown away for the evening. Mrs. Charles Hendon, who usually graces only the exclusive social functions of the city, led the grand march with J. P. Doland, business agent of the Broommakers' Union. Mrs. Raymond Robins, of New York, was there and danced with men who work a year for the price of the gown she wore. Mrs. Laura Dainty Pelham danced with George Golden. Norris Hendon danced with Miss Agnes Neafor, business agent of the Glovemakers' Union. The ball was unique and labor was the leveler of the social barriers. The Woman's Trade Union League is composed of women laborers. The object of its members is to increase labor unionism among the women. The national headquarters is in New York and there are branches in Chicago and Boston. Mrs. Robins was formerly the president, but she was succeeded by Mrs. Hendon.

## PROPOSED ORDINANCE

Measure Affecting Traction Co.  
—Presented and Read at  
Earlington Council  
Meeting.

ORDERED PUBLISHED AND LAID  
OVER FOR FINAL CONSIDERATION  
AT NEXT MEETING.

At the regular monthly meeting of the Earlington city council held Monday night the most important business was the presentation of the proposed ordinance "granting the Madisonville Traction Co., the right to construct and operate an interurban electric passenger line from Madisonville to Nortonville" on Seebree Avenue from the northern city limits to the southern city limits of Earlington, which ordinance had been in preparation by the attorneys for the city of Earlington.

The council was late in convening, awaiting the arrival of the ordinance from the office of the attorneys.

When the council convened the ordinance was read and, under advice of attorneys for the city, was ordered published in the Earlington Bee and laid over until next regular meeting, Monday, December 4th, for final consideration.

The ordinance is as follows:

Ordinance Proposed.

An ordinance granting to the Madisonville Traction Company the right to construct and operate an interurban electric passenger line from Madisonville to Nortonville from the northern city limits to the southern city limits of the City of Earlington on Seebree Avenue in said City.

The said Council of the City of Earlington do order as follows:

Section 1: That license and permission be and it is hereby granted to the Madisonville Traction Company to construct, maintain and operate an interurban passenger line using electricity as a motive power over a single track on Seebree Avenue from the northern city limits to the southern city limits of the City of Earlington upon condition that said railroad extend from the City of Madisonville to Nortonville, Kentucky; the said license is not to be exclusive, but shall at all times be subject to the terms and conditions herein expressed.

Section 2: The work of constructing said track and placing same in operation shall be done at the expense of said licensee under the supervision of the Board of Council; and so much of the street as shall be occupied or affected by the construction of the track shall be kept in repair at the sole and exclusive expense of the licensee and shall be repaired and constructed with similar material to the rest of the street and shall conform to the grade of said street as now or it may hereafter be established; and the construction and operation of said road shall at all times be subject to the reasonable regulations by ordinances of the said City; and said road shall be so constructed as not to obstruct any use of said street by the public.

Section 3: The said licensee shall indemnify and save harmless the City of Earlington and its agents against any and all claims for damages and indemnify any citizen damaged by reason of the construction and operation of said railroad through said street for personal injury and injury to real property, private or public, by drainage or otherwise; and said licensee shall, to render this clause effectual, give bond with good surety to be approved by the City Council conditioned as follows: Whereas an ordinance granting to the Madisonville Traction Company the right to construct and operate an interurban electric passenger line from Madisonville to Nortonville from the northern city limits to the southern city limits of the City of Earlington on Seebree Avenue in said City; and whereas it is in said ordinance provided that said Madisonville Traction Company

shall indemnify and save harmless the City of Earlington and its agents against any and all claim or liability for damages for personal injuries to any person or to private or public property by drainage or otherwise; and whereas said ordinance and the terms thereof have been accepted by said Madisonville Traction Company and it desires to render said clause in said ordinance effectual, now therefore, in consideration of the premises, the Madisonville Traction Company, principal, and \_\_\_\_\_, its sureties, do hereby covenant to and with the City of Earlington for its benefit, and that of its agents that they will indemnify and hold said City and its agents harmless against any and all claim for damages made by any person and indemnify any citizen damaged by, for or on the account of or growing out of the construction, maintenance or operation of said railroad track in Seebree Avenue whether the said claim be for personal injury or injury to real property, private or public, by drainage or otherwise, and we will defend any and all suits or proceedings brought against said City or its agents for or on account of any of these things and will pay any and all judgments and costs that may be recovered against said City or its agents in any such suit or proceedings together with the costs or damages of the said City.

Given under our hands this the \_\_\_\_\_ day of November, 1905.

Section 4: No car or train shall pass over said track at a rate of speed in excess of six miles an hour, and all cars and trains shall stop even with the curbline of intersecting streets, and said licensee shall have no right to obstruct any intersecting street, except while crossing same in motion; penalties to enforce the provisions of this section shall be provided in a separate ordinance.

Section 5: The said licensee shall its successors and assigns may erect poles and electrical appliances and said street to be used in operating said railroad, but the city reserves the right to supervise said work and to remove the removal of any and all such poles, wires and apparatus from the said city may see fit and to cause the adoption of system placing such wires and apparatus in underground conduits at any time after said road shall have been in operation for six months.

Said licensee shall commence the work of laying said track through said city in road faith within twelve months from the passage of this ordinance and prosecute said work to completion from Madisonville to Nortonville and run cars over and operate said railroad as a carrier of passengers between said points on or before the first day of January, 1906; and it is provided that if said road be not completed and in operation on or before the first day of January, 1906, for the entire distance from Madisonville to Nortonville, then the license and rights herein granted shall be null and void and all rights of the licensee hereunder shall cease and determine; and said council may by ordinance order the removal of any and all poles, wires and apparatus from said street at the expense and cost of the licensee.

Section 7: The license and privileges herein granted shall extend and continue for a period of twenty years from and after the passage of this ordinance unless sooner forfeited according to its terms; and this license shall not be transferable or assignable to any other Company or person and shall not be deemed to be exclusive; and if the licensee shall attempt to alien, transfer or assign any rights under this ordinance to any Company or person, then all rights under same shall be forfeited and the city may proceed as provided in section six.

Section 8: The terms of forfeiture and other terms of this ordinance and license shall be deemed conditioned subsequent.

Section 9: Nothing herein shall be construed to abridge or interfere with the police power of said city over said street; and the use of said street and the city may proceed as provided in section six.

A Pleasant Evening.

Mr. and Mrs. Jno. B. Atkinson entertained informally at their home Saturday evening in compliment to their charming guests, Misses Banks and Seebree. Five Hundred was played and delicious refreshments served, the occasion proving in every way a most happy one.

## FRANK BALL

Will Return to Middleboro, and  
Face a Bell County  
Jury,

WHEN ASSURED OF A FAIR TRIAL.

Frank Ball, the alleged Bell county fugitive-murderer, says he will return to Middleboro for trial when satisfied he can have a fair and impartial hearing. The troops at Middleboro spent a quiet day and there was no further trouble with the outlaws in the mountains, who are now said to be under the leadership of Riley Ball, a sixteen-year-old boy. Under a misapprehension Col. Roger Williams, of the 2nd Reg., K. S. G., ordered all the companies of his regiment ready for service in the mountains, but it is not now thought they will be needed.

Houston Ball, brother of Shelby Ball, who is the reputed leader of the gang in the mountains, and of Frank Ball, accused of Jack Bolen's murder, and uncle of Riley Ball, a sixteen-year-old boy, indicted for complicity in the murder, gave out an interview, in which he said that Frank Ball had left the country. Shelby Ball, he says, is ill now death of consumption and heart disease, and he believes Riley Ball and the gang have left the mountains. He says that he has been in communication with Frank Ball, and that he will return and surrender to the authorities within two weeks. It is said that an effort is being made to receive assurance from Circuit Judge Moss that he will give bail before he gives himself up.

Despite the reported conflict in the mountains yesterday, two hold-ups were reported from Cumberland Gap, and it is said \$87 in money was obtained from the men who were stopped. It is now believed that Shelby Ball is not the leader of the gang, but that Riley Ball, the boy, is the leader. Houston Ball said that he had positive information that the hold-ups had been committed by Charles Burch, a former convict, from Tennessee, and Pat Gully, who is with the gang.

Ball is not sure how many men have been hiding in the mountain fastness, but believes there are only a few.

A reputable resident of Cumberland Gap visited the camp last week, however, and counted twelve men. Among them were Burch, Gully, Shelby and Riley Ball, two men named Linger and Wilder and Jim Stewart, who, it is said, owns and operates the blind tiger. This same resident, who visited Middleboro Monday, said that two men had been held up in the mountains and robbed of \$97. He was not sure of their names, but said they had reported the case to the Tennessee authorities. He also said that Shelby Ball was seen in Cumberland Gap yesterday.

There was a report rifle at Middleboro Monday, verified from Cumberland Gap, that Shelby Ball and one son are now staying at a house known as the Crooby place, just over the Tennessee line. It is reported that this has become the headquarters of the gang, and upon this evidence the Tennessee authorities will be appealed to for assistance in the arrest of the gang.

Houston Ball is the owner of a saloon in Middleboro. He has a high reputation as a business man, and his statements regarding the brothers are regarded as correct. He said this afternoon

that Frank Ball has not been near Middleboro for at least ten days. In connection with the shooting of Robert Bryson, the Louisville and Nashville watchman, who was wounded Wednesday night, he said that Frank Ball was more than a day's ride away. He further said that Frank Ball had not been in the mountains, and that he had been in communication with him and has knowledge that he will surrender to the authorities. This, he said, will be, he believes, within two weeks, and possibly sooner.

## RURAL DELIVERY ROUTES.

Kentucky Has 594 With 195 Petitions  
Pending.

The number of rural free delivery routes in Kentucky according to the reports of the Fourth Assistant Postmaster General which has just been made public is 594. Petitions for 195 routes to be established are pending.

The Second Congressional District has 104 routes and petitions pending for the establishment of 18 more in the district.

The state of Tennessee has 1,473 routes and 2,063 are in operation in Indiana.

## Doctors Hopeful of

Editor Matthews' Recovery.

The physicians at the Western Kentucky Asylum for the Insane are hopeful of the speedy recovery of Heber Matthews, the well known editor of the Hartford Herald, who was a few days ago adjudged to be of unsound mind and brought to the institution for treatment. The trial was held in the Ohio county court. Mr. Matthews has been connected with the Herald for fifteen years and has long been regarded as one of the ablest newspapermen in Western Kentucky. He is a prominent member of the Kentucky Press Association. Mr. Matthews has been ailing for several months, but his devotion to his profession kept him hard at work in spite of his physical condition until a nervous breakdown resulted. He has been steadily since he has been undergoing treatment at the asylum, and will probably soon be able to return to his home and resume his journalistic duties.

## South Kentucky College to be Rebuilt.

South Kentucky College, which burned recently at Hopkinsville, will be rebuilt at a cost of \$30,000. Rev. J. W. Hardy, at one time connected with the institution, has been prevailed upon to raise the money, and says if Hopkinsville will do her duty he can get the necessary outside aid. Mr. Hardy was mainly instrumental in securing funds to put up a new building after the fire of 1884.

## Fire at Crofton.

Hopkinsville, Ky., Nov. 6.—The town of Crofton was visited by a \$15,000 fire late Saturday night that destroyed seven business houses in the principal business portion of the town. The buildings burned were C. M. Dulin, dry goods, loss \$5,500; insurance \$2,400; M. B. Brown & Son, general store, \$3,700; insurance \$1,400; Crofton Hotel, \$3,800; insurance \$2,000; W. H. Martu, drugs, \$1,000, no insurance; Croft & Brasher, drugs, \$1,900, no insurance; Joe Lanier, saloon, \$500, no insurance; Home Telephone Company, Exchange in Martin's store, \$500, with no insurance.

Fire is prevalent in 100 districts of 23 Russian provinces. This means that 18,000,000 persons will have to be fed until next July.

## DEMOCRATIC

Clean Sweep Made for All the County Officers.

LYNCH DEFEATED FOR THE SENATE.

Unofficial returns from the election in Hopkins county show the Democratic ticket elected by pluralities ranging from 351 for Frank River, for State Senator to 719 for Zack Craig, for Jailer. Others in the race average from 568 for Ruby Laffoon, county attorney, to 81 for J. M. Ashby for assessor.

Wm. Lynch made the best showing for personal popularity in his home precincts of any candidate on either ticket, but is defeated, since the Republican party was so torn apart in Christian county that the Democrats were able to carry that county by the small margin of 50 or 100 for Rivers. In Lynch's home precinct of Dawson alone there was a change of 120 in majority for Lynch as compared with the Democratic majority for that precinct last year. In Charleston precinct the change in majority is 61 for Lynch, as compared with last year.

J. Will Robinson made a good showing in his home precinct, leading his ticket by 38 votes. There was more scratching done in his precinct Tuesday than was ever known before.

Election day was ideal as to weather and passed off quietly and without any difficulties at any of the county.

Only three of the Republican candidates received a larger total vote than J. Will Robinson, the man from Earlington, and Mr. Robinson was one of those who led his ticket by aattering margin in his home precincts.

It appears too, from the unofficial returns, that Mr. Robinson was running against one of the very strongest men on the ticket, Will T. Mills, polling next to the largest vote cast for any democratic candidate.

The tabulated unofficial vote of the county is published today. The official vote will be published in these columns, when the count is made, and the vote analyzed and compared with last year.

The chief trouble with the Republicans last year was that the day-at-home Democratic vote of last year came to the polls this year in sufficient numbers to snuff all the Republican candidates under.

## COWELL ELECTED.

Citizens' Ticket for Councilmen of Earlington Had No Opposition.

THE REPUBLICANS ELECT MAGISTRATE AND CONSTABLE.

In the election in Earlington the fighting line was on the City Judge's race between Chas. Cowell, for reelection, and James Priest. Returns gave the election to Cowell by a margin of 30 votes.

Wm. F. Burr was reelected Mayor without opposition and the old Board of Councilmen, with but one change, was reelected without opposition. The Councilmen elected are Jno. B. Atkinson, Geo. C. Atkinson, Thos. Blair, Henry C. Bourland, L. H. O'Brien, J. M. Oldham, Mr. Oldham is the new member elected in place of Judge A. J. Stokes, who did not stand for re-

election, because of feeble health.

John R. Evans was elected on the Republican ticket for Magistrate in this district by a majority of 129 over Ernest Newton, the Democratic nominee. The vote was as follows: Evans, 676; Newton, 447. Jno. W. Summers, Republican, was elected for Constable by about 215 majority over R. N. Clark, Democrat.

The Ladies' Aid Society of the M. E. Church, South, will hold an all day quilting at the parsonage on next Monday. The ladies are requested to bring their lunch.

Robt. M. Hopkins, State Sunday School Evangelist, will conduct a series of lectures at the Christian Church here Wednesday and Thursday, Nov. 15 and 16. Mr. Hopkins is thoroughly conversant with the best Sunday school methods, a splendid singer and an enthusiastic worker. The evening addresses will be illustrated with stereopticon views. A cordial invitation is extended to all the schools in the city to participate in the sessions of the institute and profit by Mr. Hopkins' visit.

Married.

Mr. W. T. Vannoy and Miss Ada Offutt were married at the residence of the bride's parents in the Grapevine country Wednesday night at 8 o'clock. Howard J. Brazelton, of this city, saying the ceremony. Mr. Vannoy is a prosperous and energetic farmer of the Bethlehem neighborhood, and his bride is a most estimable young lady, the daughter of Mr. Jno. Offutt, a large number of friends witnessed the ceremony and showered congratulations upon the happy couple.

## FATAL STORM IN OKLAHOMA

Six Killed and a Number Fatally Injured at Mountain View, Oklahoma. Building Destroyed.

Mountain View, Okla., Nov. 7.—A tornado caused great damage here and killed six people. The dead: W. T. White, F. W. Clark, J. S. Barkley, Mrs. Jennie Jones, Mrs. W. M. Holt and two children. Mrs. Robert Hulce.

The pathway of the tornado is about 100 yards wide, and is only a mile long, but in this small area the havoc was great.

A number of people are fatally hurt. Many buildings were demolished, others unroofed or partially crushed.

## A WORD WITH ADVERTISERS

### Advertising With a Plan.

The modern advertiser goes about the advertising campaign in a totally different way to the advertiser who is governed by precedent. The wide-awake advertiser is not content to believe that any old kind of advertising placed in most any medium that might happen along will get him results, but he goes to work and formulates a plan to get as much as he can for the money invested the same as he would were he planning to buy anything else for his advertising on a fixed plan and along scientific lines.

Too many business men think that advertising consists in putting copy in a medium and waiting for results, they have got along and made some money in this way for a good many years and they don't see any necessity for a change now. If this sort of advertising pays, carefully planned advertising would pay them ten times as much.

Advertising conducted on the "no plan" basis cannot possibly yield the returns that it would if it were the result of a carefully arranged policy. The business houses who do such advertising get only the business of the people who actually want the goods and come and get them because the advertisement gave them the information that they would have had to find in the city directory. The profitable kind of advertising is the kind of advertising that creates wants—make things they had not thought of before—that gets hold of the desire and makes sales.

Shows Decrease in Railroad Accidents During Year of 1905.

Accident Bulletin No. 16, just issued by the Interstate Commerce Commission, completes the record of accidents to employees and passengers upon the railroads of the United States for the year ending June 30. The total number of passengers killed in train accidents was 350; injured, 6,498. The total number of employees killed in train accidents was 798; injured, 7,052. There were 187 passengers killed in other than train accidents, and 58,374 injured; making a total of all classes of 537 passengers killed and 10,040 injured, and 3,261 employees killed and 45,120 injured. This is an increase of 117 passengers killed and 1,903 injured; a decrease of 300 employees killed, and an increase of 2,100 employees injured. There were 6,224 collisions during the year, with a money loss of \$4,849,664, and 5,371 derailments, with a money loss of \$4,802,902; a total of 11,695 collisions and derailments and a total money loss of \$9,711,656, being damage to cars, engines and roadway.

More than \$12,500,000.00 annually are paid to employees of Railroads in Kentucky.

Reports for 1904, on file in the office of the Ky. State R. R. Commission, show that the number of employees that year, exclusive of General Officers, was 20,689, and they were paid, in wages \$12,516,197.00.

This represents an average annual payment to each employee, exclusive of general officers, of \$607.00. An average daily payment for all classes of railroad labor is all the more noticeable when compared with the wages paid in foreign countries to the highest classes of railroad labor, viz:

Average Daily Pay	English	Conductors

The tunnel is nearly a mile long, and, with the approach, cost about \$2,000,000. An interesting feature connected with this tunnel is that no dirt was taken out, it being built through solid rock. Supt. Jno W. Logsdon, Chief Dispatcher E. L. Wise, Trainmaster M. Seacrest, of this place, and several officials from Nashville were present at the opening of this tunnel.

Thomas Gallagher, of Elizabeth N. J., was the victim of a peculiar accident at that place Monday. He was buried under a heap of live coals and burned to death. Gallagher had crawled into an ash pit under the railroad tracks or the Port Reading yards on Sunday night and went to sleep there. An engine backed down to this pit early Monday, and, stopping directly over the spot where he lay asleep, dumped burning coals and red hot ashes upon him in such quantities that the sleeping man was completely covered.

## THANKSGIVING PROCLAMATION.

Washington, Nov. 2.—The President today issued his proclamation naming Thursday, November 30, as a day of thanksgiving. The proclamation follows:

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA—A PROCLAMATION.

When nearly three centuries ago the settlers came to the country which has now become this great republic, they confronted not only hardship and privation, but terrible risk to their lives. In those grim years the custom grew of setting apart one day in each year for a special service of thanksgiving to the Almighty for preserving the people through the changing seasons. The custom has now become national and hallowed in memorial usage. We live in easier and more plentiful times than our forefathers, the men who, with rugged strength, faced as great now as at any previous time in our history. It is eminently fitting that once a year our people should set apart a day for praise and thanksgiving to the Giver of Good, and at the same time that they express their thankfulness for the abundant mercies received, should manfully acknowledge their shortcomings and pledge themselves solemnly and in good faith to strive to overcome them. During the past year we have been blessed with bountiful crops. Our business prosperity has been great. No other people has ever stood on as high a level of well being as ours now stands. We are not threatened by foes from without. The foes from whom we should pray to be delivered are our own passions, appetites and follies, and against these there is always need that we should war.

Therefore, I now set apart Thursday, the 30th day of this November, as a day of thanksgiving for the past and of prayer for the future, and on that day I ask that throughout the land the people gather in their homes and places of worship, and in rendering thanks unto the Most High for the manifold blessings of the past year, consecrate themselves to a life of cleanliness, honor and wisdom, so that this nation may do its allotted work on the earth in a manner worthy of those who founded it and of those who preserve it.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this second day of November, in the year of Our Lord one thousand nine hundred and fifth, and of the Independence of the United States the one hundred and thirtieth.

## Distinctively Different In Every Way the Best

The Weekly Globe-Democrat, of St. Louis, covers the field peculiarly and exclusively its own.

It is issued twice every week. A big SEMI-WEEKLY paper, eight to ten large pages every Tuesday and Friday. One dollar a year.

Nothing particularly different, you say, about that—there are other "Twice-a-Week" papers.

Yes, but the similarity ends there. No other paper is like the Globe-Democrat in any other respect. No other paper equals the Globe-Democrat in any respect.

An entirely unique feature of the Globe-Democrat, a feature which is highly prized by its readers, is its systematic method of preserving and presenting the CONTINUITY OF NEWS.

The two papers each week, Tuesday and Friday, are carefully prepared with the view of giving the complete news of all the world for that week.

They are so combined in the make-up as to form continued and connected stories of the various important events, showing the developments from day to day and the final results.

Other weekly and twice-a-week papers, as a rule, print only a few paragraphs of the day of issue.

The "Twice-a-Week" Globe-Democrat gives the telegrams of every day in the week more comprehensively than the average Daily, and of more value to the average reader.

Moreover, the "Twice-a-Week" Globe-Democrat is not simply an edition of the Daily edition.

It is a separate and distinct publication, especially prepared to supply the requirements of people who want all the news of the earth—and something more.

It presents the World's daily history in concise but complete form. It is of equal interest in all parts of the United States. It is invaluable alike to men and women, young and old.

It thoroughly provides for every member of the family. In high-grade literature it particularly excels. Its market reports are current and complete in every detail.

Its departments devoted to "The Home," "The Farm and Garden," "The Family Circle," "The Sunday School," "Science and Industry," are each and all THE BEST of their kind and either one is more than worth the subscription price of the paper.

Its politics is strictly REFINED, but it is above all a news-paper, and it tells the truth without fear or favor. It has no equal or rival as a great National news and home journal.

Remember the price, only One Dollar per year—104 papers—less than one cent a copy. Postage prepaid.

You will make no mistake if you send \$1.00 TODAY for a year's subscription. Or you can get your own paper ONE YEAR WITHOUT COST by inducing two of your neighbors to subscribe and sending their names with \$2.00.

FREE SAMPLE COPIES, containing order blanks and full particulars, will be cheerfully furnished upon receipt of postal card request. Address Globe Printing Company, Publishers.

## Distinctively Different In Every Way the Best

The Weekly Globe-Democrat, of St. Louis, covers the field peculiarly and exclusively its own.

It is issued twice every week. A big SEMI-WEEKLY paper, eight to ten large pages every Tuesday and Friday. One Dollar a year. Nothing particularly different, you say, about that—there are other "Twice-a-Week" papers.

Yes, but the similarity ends there. No other paper is like the Globe-Democrat in any other respect. No other paper equals the Globe-Democrat in any respect.

An entirely unique feature of the Globe-Democrat, a feature which is highly prized by its readers, is its systematic method of preserving and presenting the CONTINUITY OF NEWS.

The two papers each week, Tuesday and Friday, are carefully prepared with the view of giving the complete news of all the world for that week.

They are so combined in the make-up as to form continued and connected stories of the various important events, showing the developments from day to day and the final results.

Other weekly and twice-a-week papers, as a rule, print only a few paragraphs of the day of issue.

The "Twice-a-Week" Globe-Democrat gives the telegrams of every day in the week more comprehensively than the average Daily, and of more value to the average reader.

Moreover, the "Twice-a-Week" Globe-Democrat is not simply an echo of the Daily edition.

It is a separate and distinct publication, especially prepared to supply the requirements of people who want all the news of the earth—and something more.

It presents the World's daily history in concise but complete form. It is of equal interest in all parts of the United States. It is invaluable alike to men and women, young and old.

It thoroughly provides for every member of the family. In high-grade literature it particularly excels. Its market reports are correct and complete in every detail.

Its departments devoted to "The Home," "The Farm and Garden," "The Family Circle," "The Sunday School," "Science and Industry," are each and all the BEST of their kind and either one is more than worth the subscription price of the paper.

Its politics is strictly REPUBLICAN, but it is above all a newspaper, and it tells the truth without fear or favor. It has no equal or rival as a great National news and home journal.

Remember the price, only One Dollar per year—104 papers—less than one cent a copy. Postage prepaid.

You will make no mistake if you send \$1.00 TODAY for a year's subscription. Or you can get your own paper ONE YEAR WITHOUT COST by inducing two of your neighbors to subscribe and sending their names with \$2.00.

FREE SAMPLE COPIES, containing order blanks and full particulars, will be cheerfully furnished upon receipt of postal card request. Address Globe Printing Company, Publishers.

## A FOOLISH PLAN

"It is a job to eat—I welcome my dinner hour! Because I feel indigestion with August Flower!"

constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuritis in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasure if they do not finally rob you of life itself.

"I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course."

"What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills."

## Cupid Stand Another.

A Kentucky editor attended a reception and in the wait before dinner the hostess entertained her guests with music. During the interval she turned to the editor and said: "Would you like to come before dinner?" His heart bounded within him as he replied: "Why, yes, thanks; I had a couple as I came along, but I can stand another."—Mayfield Monitor.

But few people are aptly free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol relieves sour stomach, indigestion, belching, and all forms of indigestion.

An expedition in search of the North Pole will start from Dawson, Yukon Territory, in the summer of 1908. If the plans of the International Arctic Expedition for Polar Research and Experiment are carried out, Gov. W. B. McInnes, of Yukon, is one of the leaders in the movement, and Gen. Greely, U. S. A., thinks the plans of the society feasible. The main difference between the plans of the Yukon explorers and those of expeditions in the past is that the Yukoners expect to utilize their knowledge of ways and means of existence and transportation in the Arctic.

## Constipation.

Head is absolutely impossible. If constipation be present. Many serious cases of liver and kidney complaints have sprung from constipation. Such a deplorable condition is unnecessary. There is a cure for it. Write for the best remedy. C. A. Lindsay, P. M. Bronson, Fla., writes, Feb. 11, 1908: "Having used your medicine I find it a fine medicine for constipation." See a bottle.

Mr. Jackson owned his family Saturday from the Buckner farm to the Ford Row.

Mrs. Charlie Wyatt has been quite ill for the past few days. Miss Blanche Wilson is nursing here.

Mr. Jno. Humble's mother has come to live with him. They are boarding with Mrs. Jack Franklin. Mr. Dunning, who for some time past resided on Double Row, has moved his family to Christian county.

Miss Maude Borders has been on the sick list for the past week.

Mr. Crockett will hold his regular services on Thursday evening at 7 o'clock p. m. All are cordially invited to attend.

The election was held in the old Hecla store building.

Mr. Jno. Longstaff spent Sunday with Mr. W. P. Jennings.

Every ounce of food you eat that fails to digest does a pound of harm. It turns the entire mass into poison. This not only deprives the blood of the necessary tissue-building material, but it poisons the blood. Kodol Dyspepsia Cure is a perfect digestant. It digests the food regardless of the condition of the stomach. It allows that organ to rest and get strong again. Relieves Belching, Heart Burn, Sour Stomach, Indigestion, Palpitation of the Heart etc.

VALUABLE INFORMATION

Each man has a chance in a lifetime to reach the point of success, and this opportunity is offered in Missouri, Arkansas and Louisiana, the three great agricultural and sugar states traversed by the Iron Mountain Route, where land can be purchased at from \$1.50 to \$20.00 per acre, that is producing from \$20 to \$50 per acre each year, in cotton, corn, hay, sugar cane, fruit and vegetables. The returns from affluence growing in this district have proven a record breaker—six crops each year or six tons per acre at \$15.00 per ton on local markets is what is claimed. All that is necessary is for the homeseeker or investor to look over the situation personally, as the country speaks for itself. The first and third Tuesdays of each month homeseekers' tickets are offered at rate of one fare plus \$2.00 for round trip. Four daily trains from St. Louis. Free reclining chairs.

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

John Henry Brodribb, knighted in 1865 as Sir Henry Irving, made his stage debut as the villain of a melodrama in the English provinces. Tradition has it that in one act he appeared with a piece of raw beef concealed under his coat collar, that the faithful dog of the heroine might nightly leap at his throat in the interest of virtue endangered and the dramatic utilities. That was stage management, an art in which Irving for years led his contemporaries in the two great English-speaking lands.

## Tragedy in Monroe County.

Glasgow, Ky., Nov. 6.—As a result of a quarrel at church near Clementsville, on the Kentucky and Tennessee border, in Monroe county, Sunday night, Double Row is dead, and John Burk unaccountably with his skull crushed. Mrs. John Murray has a badly bruised head and Mrs. Will Murray is in bed with wounds about the head and face.

The trouble started in a quarrel at the church between the Burk boys and John and Will Murray, and was apparently settled and all went home. Shortly afterward Double Row, father of the Burk boys, went to the Murray home and opened fire on the house with a shotgun. The neighbors ran out in the yard, and the Murray boys fired a load of buckshot into Burk's body, killing him instantly. In a few minutes John Burk appeared on the scene and fired a shotgun through the Murray house, but failed to harm any one. The Murray boys ran out into the yard and Burk entered the house and began to slubbing the women, badly wounding Ed. Mrs. Murray and Mrs. John Murray.

Will Burk was beating Mrs. John Murray, her husband ran in and struck him a blow which felled him and rendered him unconscious, crushing his skull. No arrests have been made.

## A Matter of Health

There is a quality in Royal Baking Powder which promotes digestion. This peculiarity of Royal has been noted by physicians, and they accordingly use and recommend it exclusively.

ROYAL BAKING POWDER CO., NEW YORK.

### COUNT WHITE HAS PLEDGED HIMSELF

Will Support Plan for Convocation of a Constituent Assembly.

IF THE QUESTION IS RAISED

That is to say, if, when the House meets, one Representative demands it, the Premier will support the demand.

St. Petersburg, Nov. 8.—Count White has definitely pledged himself to support the plan for the convocation of a constituent assembly when the House meets if a single representative raises the question. He is exceedingly anxious to win the support of the semi-volunt party, which he does not hesitate to declare conforms nearest to his political ideas, and which he evidently regards as the strongest, safest and most influential factor in the future political life of the country. The count has been in almost constant consultation with the leaders of this party, but they have steadily refused their allegiance except on the condition of the convocation of a constituent assembly based on universal suffrage. Count White has as persistently opposed the demand, insisting that the matter was for the House itself to decide. At the same time announced that his personal belief that in the end such assembly must be summoned. Finally in the course of long conversation with M. Ivan Perukovich, a member of the Moscow zemstvo and president of the Moscow agriculture society, the count said:

"I give you my word of honor that if when the House meets one representative demands a constituent assembly I will support him."

Count White continues to complain bitterly of the lack of confidence manifested toward him by all the elements of the opposition at a time when he stands so much in need of the support of the liberals. He said to M. Perukovich:

"I had myself once contented by a lighter ocean and with only a cockle shell on the shore. You say this boat will carry me across to the other shore and I enter it, because there is no other craft in sight."

The opposition is obstinate. The count added that he believed "if I give myself over to the hands of the government, the opposition would not believe in him," and said that in the present juncture the only person who was seconding his endeavor to introduce the new regime in a completely loyal spirit was Gen. Treptov.

The Slovo, which now styles itself the "advocate of the party of order," is earnestly appealing to the liberals to hold up the hands of Count White, declaring it is time for the forces of destruction to cease and to join in the work of construction. It argues that if society should back the propaganda of the social democratic party, which represents the ideals and interests of 4,000,000 workmen, it would be equivalent to creating an oligarchy over 140,000,000 people, much richer than the state, than the present oligarchy, but no less dangerous to the future of Russia.

**MURDER OR SUICIDE?**

Lucien Bokhardt shot and killed Just after leaving his Sweetheart in St. Louis.

St. Louis, Nov. 8.—Lucien Bokhardt, of 1519 South Eleventh street, 21 years old, and happy in the thought of his approaching marriage to pretty Katherine Burns, of 633 Edmund avenue, was killed by a shot from a revolver at midnight, a few minutes after he had given his fiancée a lingering "good night" at her father's door, and within 100 feet of her.

Miss Burns and her family heard four shots, and when they and the police came upon the body his revolver with four empty cartridges in the cylinder was beside him; a bullet in his heart, fired through his bunched overcoat, had caused instant death. Whether he killed himself, or if his weapon was turned upon him by a footpad in a death struggle is a mystery.

## LONDON'S POOR ARE DESPERATE

Remarkable Delegation of Women Relatives of Unemployed Call On Premier Balfour.

MARCH THROUGH THE STREETS—THE MARSEILLE WIFE WAS HEARD

The Premier Was Very Sympathetic, But the Only Relief He Could See Was the Hope That Public Charity Would Come to the Aid of Those Out of Work.

London, Nov. 7.—The desperate condition of the poor of London was brought to the notice of Premier Balfour by a remarkable delegation of the wives and other women relatives of the unemployed, who did not hesitate to tell the premier that unless something is speedily done to lessen their sufferings there will be bloodshed.

"Don't forget that hungry men are desperate men," said one of the speakers, who all had the same tale to tell of husbands out of work and starving wives and children. The pinched faces and lattered clothing of the women, some of whom had babies in their arms, bore eloquent testimony of the truth of their complaints. Enormous crowds of women from all parts of London marched through the streets, headed by a delegation which Mr. Balfour received at the office of the local government board.

"The Marseillaise" was heard as the procession advanced, perhaps the first time it was ever heard under such circumstances in the streets of London.

Balfour Admits Evil.

Only thirty of the women were admitted to the presence of Mr. Balfour. The premier was very sympathetic, he acknowledged that the evil was very real, but he had little to suggest in the way of alleviation except an expression of hope that public charity would come to the aid of the unemployed. He deprecated the socialist suggestion that industries should be started at the national expense for the benefit of the unemployed as calculated to destroy the springs of enterprise and energy of the nation.

"Speech of Despair."

At the close of Mr. Balfour's "speech of despair," as the delegates described it, Mrs. Crooks, wife of William Crooks, a labor party member of the house of commons, and several other women excitedly invited Mr. Balfour to come and live among them for a few months. The premier remarked that he was quite aware that nothing he had said could do other than disappoint them. They had his genuine sympathy and he felt most acutely the magnitude of the evil from which they were suffering.

Balfour's Name Hissed.

A mass meeting of the women was held to hear the report of the delegation. Mr. Crooks, M. P., and other speakers. Mr. Crooks said that Mr. Balfour's reply to the delegation was unworthy the premier of a great country. The mention of Mr. Balfour's name was greeted with a storm of hisses. Mr. Crooks added that they had started an agitation which would get some until every man who wanted work was supplied with sufficient to support his wife and children. The speaker urged his hearers to continue the agitation. He said that a revolution in England would not be behind the revolution in Russia in securing the demands of the people. The meeting unanimously adopted a resolution to continue the fight for the employment of the unemployed and the meeting broke up amid uproarious scenes and the singing of the "Marseillaise."

## NATION'S THANKSGIVING DAY

President Designates Thursday, November 30.

He Asks the People to Render Thanks for Past Blessings and Consecrate Themselves to Lives of Cleanliness and Honor.

Washington, Nov. 4.—The president has issued his Thanksgiving proclamation, setting aside Thursday, the 30th day of November, as a day of national thanksgiving.

By the President of the United States of America:

A Proclamation.

When nearly three centuries ago the first settlers came to the country which has now become this great republic, they fronted not only hardship and privation, but terrible risk to their lives. In these grim years, the custom grew of setting apart one day in each year for a special service of thanksgiving to the Almighty for preserving the people through the changing seasons. The custom has now become national and hallowed by immemorial usage. We live in easier and more plentiful times than our forefathers, the men who with rugged strength faced the rugged days, and yet the dangers to national life are quite as great now as at any previous time in our history. It is eminently fitting that once a year our people should set apart a day for praise and thanksgiving to the giver of good, and at the same time that they express their thankfulness for the abundant mercies received, and acknowledge their shortcomings and pledge themselves solemnly and in good faith to strive to overcome them.

During the past year we have been blessed with bountiful crops. Our business prosperity has been great. No other people has ever stood on as high a level of material well-being as ours now stands. We are not threatened by foes from without. The foes from whom we should pray to be delivered are our own passions, appetites and follies; and against these there is always need that we should war.

Therefore, now set apart Thursday, the thirtieth day of this November, as a day of thanksgiving for the past and of prayer for the future; and on that day I ask that throughout the land the people gather in their homes and places of worship, and in rendering thanks unto the Most High for the manifold blessings of the past year, consecrate themselves to a life of cleanliness, honor and wisdom; so that this nation may do its allotted work on the earth in a manner worthy of those who founded it and of those who preserved it.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this second day of November in the year of our Lord one thousand nine hundred and six, and of the independence of the United States, the one hundred and thirtieth.

Wife Kills Sleeping Husband.

Mobile, Ala., Nov. 5.—Mrs. Mabel Turner, aged 20, wife of Frank Turner, whose father is a Baptist preacher in this city, shot and killed her husband at Pensacola, Fla. after a quarrel over her attending a party after Turner had told her not to go, and she claims, slugged her. The coroner's jury held Mrs. Turner on the charge of man slaughter. Mrs. Turner claims she thought the revolver was unloaded.

Killed by Exploding Gas.

Lawrence, Mich., Nov. 7.—Three children are dead and thirteen people injured, one fatally, as the result of explosion of gas which destroyed the miners' National bank. The children were passing the building. Gas was known to be leaking, and workmen went into the basement with lighted candles to investigate.

## Genuine U. S. Army SHOES!

Uncle Sam took inventory about 3 weeks ago, of his army supplies at the Quartermaster's Department and found he had a surplus of about 5,000 pairs of Army Shoes. He decided to sell them at a small cost and we bought 1200 pairs.

There are three sizes in the lot—8, 9 and 10—all wide, roomy shoes. They are made of tan Russian Calf Stock with a solid oak sole, Goodyear welted, and every seam is stitched four times. Every part of the shoe is inspected and stamped with the inspector's name, making it a guarantee of absolutely perfect stock and acceptable to Uncle Sam.

If you are in need of a good wear-resisting shoe for every day use, and can use one of these three sizes, it will be the chance of a life-time to get even with the government.

These shoes can't be produced to retail for less than \$3.50 a pair. We place them in your hands at a "working-man's" price of

## HERESY CHARGES WILL NOT BE DROPPED

Rev. Bradley, of Atlanta, Will Be Called On to Face His Conference.

DR. SNOW, THE PROSECUTOR, SAYS HE IS BRADLEY'S FRIEND.

The sermon on which the charges of heresy against Dr. H. H. Bradley, who is to succeed Rev. J. W. Lee, at St. John's church, St. Louis, will not be allowed to die out, but a new board will be asked to meet at the North Georgia conference at Newbern November 22, and Dr. J. N. Snow announces that he will push the charges harder than ever.

Atlanta, Ga., Nov. 1.—The charges of heresy against Dr. H. H. Bradley, who is to succeed Rev. J. W. Lee, at St. John's church, St. Louis, will not be allowed to die out, but a new board will be asked to meet at the North Georgia conference at Newbern November 22, and Dr. J. N. Snow announces that he will push the charges harder than ever.

Dr. Snow has issued several statements relative to his position, and insists that he is still the friend of Dr. Bradley, and simply wants him cleared once and for all. Others look at the matter differently, and can see persons who have never been friendly to Dr. Bradley in the past standing behind the prosecutor and directing his every move in the case.

It will be interesting to read the following extracts from the sermon preached by Dr. Bradley in 1902 at Wesleyan female college, and which is understood to furnish the basis for the heresy charges.

**Beats of the Anamnetion.**

Text—"If, when we were enemies, we were reconciled to God by the death of His Son, much more, being reconciled, shall we be saved by His life."—Romans v. 10.

"The Apostle Paul's conception of the merit and influence of the death of Jesus harmonizes with Jesus' statement about His own death. He says that the death of Jesus reconciles us to God, and not God to us. It was not Jesus for Jesus to die to make God man's friend. There has never been a moment in the history of the human race when our Father has not been the best friend of each individual. In the early chapters of Genesis we find a record of an everlasting covenant between God and man. Ever after the story of the first sin, when the curse was pronounced, the words immediately following are, 'For I have cursed the ground for thy sake.'"

"In other words, after a fall from innocence, the best thing is work. When we remember Christ's words about the Father as loving us more tenderly and wisely than an earthly father loves his children, we are surprised that anyone can think of God as the arch enemy of the human race. The idea that God became so infuriated with our first parents, because of their disobedience, that He refused to love or make friends with them, and that He transferred His hate to their offspring and to their posterity, offspring from generation till hundreds of millions of human beings came into existence, suffering out their brief time and were damned to hell for ever on all the time, and in the sweetest of revenge, refused to stop the interminable procession into hell; that He persistently refused to make terms with man till He had killed His beautiful heart with His Son's blood, is not scriptural. It is unscriptural. It is a picture of a monstrous demon and not of Jesus, the Christ."

"Man can not conceive of a greater contract than that prescribed by such a conception and the picture drawn by Christ and the prophets and apostles of our Father, who plies as an earthly father plies a frightened child, and who stands, with extended hands, pleading with us to come to Him and find peace and joy and rest. God's every act has been prompted by love, for God is love."

## MINING NOTES.

An agreement has been perfected at Chicago consolidating companies operating twenty-five bituminous coal mines located in Illinois, Indiana, Ohio and West Virginia, with a total daily output of 25,000 tons. The consolidated company will be operated as the O'Garra Coal Company, of Chicago, T. J. O'Garra, who is in control of the company, which is one of the largest in the United States, is made president.

The miners of the Southern Coal Co., who have been on a strike at New Baden, Ill., since July 1st, have voted to return to work. The strike involved 350 men and arose over the amount of powder that should be used in firing shots. The operators' contention that coal could be shot with 2 pounds of powder has been sustained.

Mahanoy City, Nov. 6.—James E. Roderick, chief of the Bureau of Mines and Mining, recommends the appointment of a commission of expert mining engineers to frame a law that shall be binding alike upon bituminous and anthracite operators. When the accidents in and about the coal mines are analyzed, he says, it is found that the responsibility rests to a great extent with the victims themselves. Of the 555 lives lost in the mines in the United States during the past year 282 were lost through negligence of the victims and only fifty-six through the carelessness of other persons. In fifty-three of the accidents the responsibility cannot be determined and the remaining 204 are classed as unavoidable.

Mr. Pat Blair, stable boss at the South Diamond mine, Mortons Gap, was here Sunday visiting relatives and friends.

Ike Smith, blacksmith at the St. Charles mine, was in town Sunday visiting friends.

Articles of incorporation have been filed with the Secretary of State at Frankfort by the Hart County Clay, Oil and Mineral Company, of Horse Cave, Ky. The company is incorporated with \$150,000 capital, and R. T. Smith, W. P. Cover, and S. S. Gorbey, of that place, are named as incorporators. They will conduct operations in Hart county.

The tests that are being made at Haysen by certain parties are progressing very rapidly and satisfactory to the ones interested in the operations. The No. 11 vein has been expected to be found by drilling only 15 feet further. It is thought that this vein will be reached by the end of the week.

Larry Todd, of Arnold mine, has accepted a position with the mechanical department of the L. & N. R. R.

Robt. Brown, of this place, was in Madisonville Monday.

Eugene Kelly, of this place, was in Madisonville Monday.

Mt. Sterling, Ky., Nov. 6.—One of the largest deals made in Eastern Kentucky has just been closed at Beattyville, when the Beattyville Black Coal Company signed a contract, selling their entire output to the city of Chicago. The mines will put out ten cars daily, which will be shipped direct to that city. This deal means an expenditure of thousands of dollars to the mine owners and will give work to one hundred men through the entire winter.

Sturris, Ky., Nov. 7.—The large stock stables and blacksmith shops of the West Kentucky Coal Company caught fire and were destroyed today and were destroyed. The loss is \$3,000.

## ANOTHER WONDERFUL CURE BY CUTICURA

"About a year ago my hands began to crack and peel. I tried many remedies, but they grew worse all the time. At last they became so sore that it was impossible for me to do my housework. I put my hands in water, I was in agony for hours, and if I tried to cook over the stove, the heat caused intense pain. I consulted a doctor, but his prescriptions were utterly useless. I gave him up and tried another, but without the least satisfaction. About six weeks ago I got my first relief when I purchased Cuticura Soap and Ointment. After using them for a week, I found to my great delight that my hands were beginning to feel much better. The deep cracks began to heal up and sunburning, and to-day my hands are perfectly well. ### HAPPENINGS IN KENTUCKY.

Georgetown, Ky., Nov. 6.—A fire which started in Frank Turner's restaurant at Stamping Ground burned down the People's Bank, A. Ford's brick building, McKeever and Coleman's barroom, run by Tom Spaulding, and Drs. Stewart & Crutchfield's office. Hick's and Jamison's buildings and Stewart's drug store were also injured. The total damage is about ten thousand dollars with partial insurance.

Monticello, Ky., Nov. 7.—One of the most shocking tragedies that ever occurred in this community was that Sunday at Oil Valley following the explosion of an oil stove, in which Mrs. Arthur Massengil was burned to death, her husband and sister-in-law fatally burned. The house was destroyed. Mrs. Massengil undertook to start the fire by pouring oil into the stove. An explosion followed, with the results named.

Richmond, Ky., Nov. 8.—Sidney Stacey, Chief of Police of Irvine, Ky., and George Alcorn, also of Irvine, fought on the street there tonight with pistols. Alcorn was instantly killed. Stacey was shot twice and will die. There had been bad blood between the men for a long time. Alcorn, who had been away from Irvine for some months, had just returned home today to be present at tomorrow's election. He was going to his home when he met Stacey, and without a word being spoken both men pulled their guns and began shooting. Alcorn was unmarried, while Stacey has a large family.

ax, which is the usual kind used by the woodman, passed through Triplett's back on each side of the spinal column. During the fight Pemberton was shot through the right arm and another ball passed through his body near the heart. He is in a serious condition, as are also his antagonists. The men are too seriously wounded to be arrested.

G. E. Burhans Testifies After 4 Years. O. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment and pain and symptoms of kidney disease disappeared. I am kind to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." Sold by Zuo. X. Taylor.

### "Around the Town."

The following article is from the Little Rock Gazette concerning Murray and Mack, in the great laughing, musical farce "Around the Town."

"Murray and Mack have again struck their regular gait. They are back where they belong, in farce-comedy, with an Irish flavor. There they are at home and when they appeared in their new comedy 'Around the Town,' at the Capital Theatre last night they had a house full of people laughing every time they spoke or made a move. In their special line Murray and Mack are undeniably funny and they have thousands of appreciative admirers. But they are not all the show. They are naturally a great deal of it, but it would not be a bad show with them out, even. There are quite a number of good features and specialties. The Trocadero Quartette, a high priced vaudeville attraction, made a great hit, scoring half a dozen recalls. The swinging chorus to 'How'd You Like to Spoon With Me,' in which half a dozen pretty girls dressed as school children and pushed by others dressed as Buster Browns swing out over the heads of the orchestra. The effect is very pretty."

There are several catchy songs and some good voices to sing them. Miss Gladys Van, once a favorite at Glenwood Park, had four songs to her share, and made good all around.

Miss Parcell has a powerful contralto voice, which was heard to advantage in several selections, and Miss Myrna Taylor, who is no stranger here, rendered her selections pleasingly. The chorists contain some very pretty girls and the costumes and scenery fulfilled all the promises of the advance notices, which is somewhat unusual. This attraction will be seen at the Morton Theatre, Madisonville, November 16th.

## Come Now Own Up

You don't like those gray hairs, do you? And your husband certainly doesn't like them. Then why not try a bottle of Ayer's Hair Vigor? It restores color to gray hair every time, all the deep, rich color of early life. And it cures dandruff also.

"I certainly believe that Ayer's Hair Vigor is a splendid preparation for the hair and scalp. For I have used it more or less for six years. I can heartily recommend it to everyone in need of such a preparation."—Miss Mary Horr, Minneapolis, Minn.
